

I would be extremely disappointed if this was overturned. Before I signed up for the "do not call" I would receive so many telemarketers in the evening that it got to the point I stopped answering my phone. The people are rude and do not take no for an answer. I feel it is a violation of my time not to mention a nusiance. If I wanted the products that they were offering I would initiate the contact.

PLEASE...PLEASE...DO NOT TAKE THIS AWAY.
